Spec Sheet

1 Port SATA to SATA Slot Plate Bracket

StarTech ID: SATAPLATE1

This 1 Port SATA to SATA Slot Plate Bracket adds external data support to any existing Serial ATA controller.

Installation is easy: just install the plate into an open I/O slot on your computer and connect the cables to the Serial ATA connectors on your motherboard or controller card. The slim SATA data cable provides less clutter for increased airflow inside your case. Like all our cable products, the SATAPLATE1 is backed by our lifetime warranty.

Applications

- Slot plate allows you to use external Serial ATA devices for fast and easy connectivity

Features

- Compliant with Serial ATA III Specifications
- Fast data transfer rate of up to 6 Gbps
- Fits in any PCI slot
- Easy installation and set up in minutes
- Provides 1 external Serial ATA port to your computer
- Built in 1ft cable connects to a Serial ATA controller card
